## Lyrics

- 1, 2 { All that you are  
The girl that came from afar  
My sweet pure soul and heart  
Soon we will be apart
- 3, 4 { After all the tears and joy  
The lifetime together we shared  
Your pain and mine is spared  
The time for you to go is near
- 5, 6 { There is nothing more to fear  
We had it all my dear  
Life will go on for a while
- 7, 8 { You can still melt me with your smile  
In some precious moments  
You are still there  
For a little while more  
You will always be In
- 9 { memory you'll remain  
All that you are
